

# Reality Detector

The Zero to One improvement over the Polygraph

## Business Intern [Local Hire]

Come join [Reality Detector \(Seer\)](#) – a deep-tech startup seed funded by [Tim Draper](#) and Draper Associates which is creating AI-powered deception and emotion detection technology to “*reveal incongruent words and actions at a glance*”. **Our purpose is to create a more discerning, trustworthy and prosperous world. Our vision is to augment human understanding through technology and mission is to build a deception indicator and convince skeptics.** To achieve this, we are i) augmenting and commercializing accurate behavioral science with rule-based AI and ii) automating novel automated deep-learning. Our initial product market fit is in creating cutting-edge biometrics to [enhance travel across borders and protect innocents from harmful lies](#) The **Business Intern** will be working in a small team including the CEO and founding team to optimize, manage and extend the organization.

### Responsibilities

- Financial modelling and projections and support fundraising.
- Market research and validation of new markets.
- Look for and apply for new government grants and competitions.
- Strategize and make slides for our pitch decks.
- Source and recruit for manpower through job portals, fairs, etc.
- Devise social media and marketing campaigns and contribute to writing papers.
- Help with legal, regulatory, HR, office and compliance matters.
- Help with administrative and other non-technical work such as government tenders.

### Qualifications

- Microsoft office and desktop research.
- Independent, analytical and logical thinking.
- Good at communication especially writing.
- High numeracy, work-rate and professionalism.
- Detail, design, organization and end-user oriented.

### Qualities

- Share in our purpose to create a world where all people can access undistorted reality and accurately place their trust in others, ensuring authenticity, realism and credibility in human interactions.
- Have a growth mindset, be conscientious and be willing to set stretch goals for yourself.
- Be open to new ideas and feedback from others and believability-weighted decision making.

## Culture

- Co-founding and contributing to a catalytic and innovative start-up is an opportunity to maximize authenticity, autonomy and alignment.
- Through novel technology, growth mindsets and hybrid structures we can co-create the most enlightening and enriching work experiences possible.
- We are what we do – internally image management and eye-service are neither necessary nor desired.
- We shall not bear false witness of each other and we try to keep our word, even to our own hurt.
- Team members help each other achieve our individual and collective best and learn as much as possible.

**Reality Detector's Selected Achievements** • *Entrepreneur First grant funding and IC approval* • *Top 50 team at LKYGPC Competition in September 2020* • *Paid pilot*

## Remuneration

- We offer a competitive salary including employee stock options to foster a sense of belonging and long-term alignment.
- A supportive work culture which is optimistic, collaborative, principled and innovative.
- We have a well-equipped, modern and expanding office at JTC Launchpad.
